

RULES OF THE ROOM

Dear Parents,

I hope that both your child and I will share a good year in school. To make this possible, I hope you and I will be able to communicate and cooperate with each other. If you have a problem or question please contact me so that we can solve whatever comes up.

Homework Policy

If a student comes to school with homework unfinished, he or she will lose privileges until the work is completed. If there is a valid reason for not finishing an assignment, please send a note with your child. Forgetting the assignment, not writing it in the homework journal and inability to finish because of sports practices are not valid excuses.

Classroom Rules

We laugh with others and at no one.

Come to school prepared to work and with work prepared.

Show respect to all with whom we work, play and pray.

Please discuss with your child, sign and return.
