

Dear Parents,

September 1, 2011

There is a middle school section of the OLA Library, which is intended for middle schoolers because of the reading levels and the content of the books. I feel that all of the books in the Library are appropriate for a school Library. The reason I am sending you this letter is because 6th grade could be considered middle school, but I feel that the decision for them to use the “Middle School” section of the Library should be one that you make with them. I also believe that **it is important that you are aware of what your children are reading, to encourage them to read from all genres and to read at their level.** The middle school books are kept in a separate section of the Library and every book is marked with a neon sticker on the spine of the book.

Please discuss this with your child, complete the form below and return it to me. You can complete it and email it to me as an attachment if that is easier than a hardcopy. I will not allow 6th graders to check out these books until I have a returned permission form, which I will keep on file in the Library. If you choose to not allow your child to use this section of the Library they will wait until next year.

Thanks!

Mrs. Spicer
